Gardenia augusta

## Super Star 'Starlight'®

A landscapers delight, Gardenia Super Star is a tough and hardy selection that will win you over with its abundance of single starry white fragrant blooms throughout the year. Flowering peaks in spring and summer.

Super Star is a compact and low growing gardenia with narrow glossy, deep green foliage. Perfect for a position in sun or shade, and once established is tolerant of a wide range of conditions including heat, frost and drought.

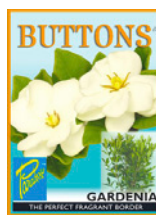

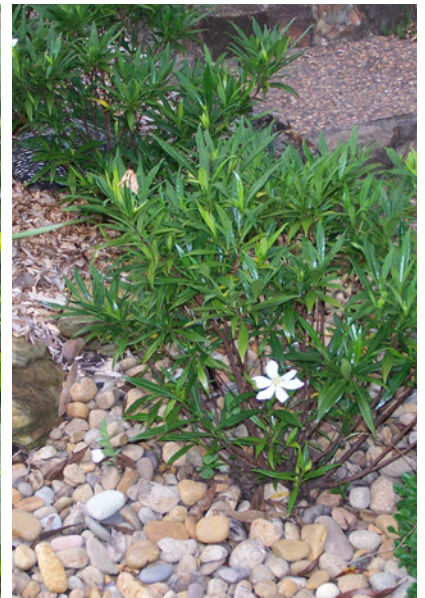

habit: compact and well branched

height: up to 1.5m

colour: dark green leaves and white flowers

use: containers, bird attracting, low hedges, fragrant borders, topiary, general garden beds

Low Maintenance

Super Hardy
